[C] [C]

I can [C] see her lying back in her [C] satin dress
In a [G7] room where you do what you [C] don't confess

[C] Sundown, you'd [F] better take care
If I [Bb] find you've been creeping 'round [C] my back stairs
[C] Sundown, you'd [F] better take care
If I [Bb] find you've been creeping 'round [C] my back stairs [C]

She's been [C] looking like a queen in a [C] sailor's dream
And she [G7] don't always say what she [C] really means

[C] Sometimes I [F] think it's a shame
When I [Bb] get feeling better when I'm [C] feeling no pain
[C] Sometimes I [F] think it's a shame
When I [Bb] get feeling better when I'm [C] feeling no pain [C]

I can [C] picture every move that a [C] man could make
Getting [G7] lost in your lover is the [C] first mistake

[C] Sundown you [F] better take care
If I [Bb] find you've been creeping 'round [C] my back stairs
[C] Sometimes I [F] think it's a sin
When I [Bb] feel like I'm winning when I'm [C] losing again [C]

I can [C] see her lying back in her [C] satin dress
In a [G7] room where you do what you [C] don't confess
[C] Sundown, you'd [F] better take care
If I [Bb] find you've been creeping 'round [C] my back stairs [C]

I can [C] see her looking fast in her [C] faded jeans
She's a [G7] hard loving woman got me [C] feeling mean

[C] Sometimes I [F] think it's a shame
When I [Bb] get feeling better when I'm [C] feeling no pain
[C] Sundown you [F] better take care
If I [Bb] find you've been creeping 'round [C] my back stairs
[C] Sundown you [F] better take care

If I **[Bb]** find you've been creeping 'round **[C]** my back stairs
[C] Sometimes I **[F]** think it's a sin
When I **[Bb]** feel like I'm winning when I'm **[C]** losing a-**[C]***gain
