The Beach Boys 4-14-25

**C** **D** **E** **A** **A...**

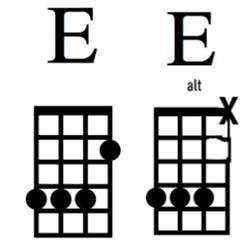

**INTRO:** Tack it up, tack it up, buddy gonna shut you down

**A**  
It happened on the strip where the road is wide  
Two cool sharks standing side-by-side (Ya)

1 **D**  
My fuel-injected stingray and a four-thirteen

**A**  
We're revin' up our engines and it sounds real mean  
**C** **D** **E** **A...A...**  
Tack it up, tack it up, buddy gonna shut you down

2 **D**  
My Stingray is light, the slicks are starting to spin

**A**  
But the four-thirteen's really diggin' in  
**C** **D** **E** **A...A...**  
Gotta be cool now, power shift here we go

**D**  
Super stock Dart is winding out in low but

3 **A**  
My fuel-injected Stingray's really starting to go  
**D**  
To get the traction I'm riding my clutch  
**A** **E**  
My pressure plate's burnin' that machine's too much

**A**  
Pedal's to the floor, hear his dual quads drink

4 **D**  
And now the four-thirteen's lead is starting to shrink  
He's hot with ram induction, but it's understood  
**A**

I got a fuel-injected engine sittin' under my hood

**C** **D** **E** **A...A...**  
**O** Shut it off, shut it off buddy going to shut you down

**C** **D** **E** **A...A...**  
**U** Shut it off, shut it off, buddy going to shut you down

**C** **D** **E** **A...A...**  
**T** Shut it off, shut it off, buddy going to shut you down

**C** **D** **E** **A...A...**
