[G] There's a Lost River that flows  
[G7] In a [C] valley where no one [G] goes  
Where the [D7] wild water's [C] rush  
Rumbles [D7] deep in the [G] hush  
Gone far from there [G7] now  
Lord, [C] I'll get back some-[G]how  
To where the [D7] Lost River [C] winds  
In the [D7] shadow of the [G] pines

## CHORUS

[G] Oh, Lost River, [G7] now [C] I'm coming [G] back  
To the [D7] pot-belly [C] stove  
Where the [D7] firewood's all [G] stacked  
Oh Quebec girl, go with [G7] me  
Oh my [C] belle, my fleur-de[G]-lis  
Where the [D7] Lost River [C] winds  
In the [D7] shadow of the [G] pines

[G] Now everybody knows  
[G7] Where that [C] Lost River [G] flows  
It's [D7] some place he's [C] lost  
Behind [D7] bridges that he's [G] crossed  
Well, he'd like to [G7] return  
But his [C] bridges are all [G] burned  
And he's [D7] much too far [C] down  
To [D7] return to higher [G] ground
