[C] Lookin' in your eyes
I [Am] see a paradise
This [F] world that I've found is too [G] good to be true
[C] Standin' here beside you
[Am] Want so much to give you
This [F] love in my heart that I'm [G] feeling for you

[C] Let 'em say we're crazy
[Am] I don't care about that
[F] Put your hand in my hand
Baby, [G] don't ever look back
[C] Let the world around us
[Am] Just fall apart
[F] Baby, we can make it
If we're [Bb] heart to heart [G]

And we can [C] build this dream together
[Am] Standing strong forever
[Dm] Nothing's gonna stop us [G] now
And if this [C] world runs out of lovers
[Am] We'll still have each other
[Dm] Nothing's gonna stop us
[G] Nothing's gonna stop us [Bb] now, oh whoa

[C] I'm so glad I found you
[Am] I'm not gonna lose you
What-[F]ever it takes
I will [G] stay here with you
[C] Take you to the good times
[Am] See you through the bad times
What-[F]ever it takes
Is what [G] I'm gonna do

[C] Let 'em say we're crazy
[Am] What do they know?
[F] Put your arms around me baby
[G] Don't ever let go
[C] Let the world around us
[Am] Just fall apart
[F] Baby, we can make it
If we're [Bb] heart to heart [G]

And we can **[C]** build this dream together
[Am] Standing strong forever
[Dm] Nothing's gonna stop us **[G]** now
And if this **[C]** world runs out of lovers
[Am] We'll still have each other
[Dm] Nothing's gonna stop us
[G] Nothing's gonna stop us

[C] Ooh, **[Em]** all that I need is **[F]** you
[Dm] All that I ever **[C]** need
And **[Em]** all that I want to **[F]** do
Is **[Dm]** hold you forever
[F] Ever and **[G]** ever...

And we can **[C]** build this dream together
[Am] Standing strong forever
[Dm] Nothing's gonna stop us **[G]** now
And if this **[C]** world runs out of lovers
[Am] We'll still have each other
[Dm] Nothing's gonna stop us
[G] Nothing's gonna stop us
[C] Build this dream together
[Am] Standing strong forever
[Dm] Nothing's gonna stop us **[G]** now
And if this **[C]** world runs out of lovers
[Am] We'll still have each other
[Dm] Nothing's gonna stop us
[G] Nothing's gonna stop us **[C\]** now
